User name\* user1

user2

user3

user4

+ Add another user

Select AWS access type

Select how these users will primarily access AWS. If you choose only programmatic access, it does NOT prevent users from accessing the console using an assumed role. Access keys and autogenerated passwords are provided in the last step. [Learn more](#)

Select AWS credential type\* ☒ Access key - Programmatic access

Enables an access key ID and secret access key for the AWS API, CLI, SDK, and other development tools.

☒ Password - AWS Management Console access

Enables a password that allows users to sign-in to the AWS Management Console.

\* Required Cancel Next: Permissions
